

ADMIRAL PITKA RECON CHALLENGE 2018  
APPENDIX E-3 (PROTESTS) TO ANNEXE E

If the team has a controversial issue which may be cause for an argument, then it has the opportunity to file a protest. The location where to hand over the protest is the designated team clean-up area within the checkpoint or, in its absence, the waiting area. The protest must be submitted in writing in English and forwarded to the checkpoint umpire. The protest must include the content, place, time and witnesses of the event/issue. If possible, the article/regulation in the guideline against which was allegedly erred should also be included. To resolve protests, an ARBITRATION BOARD will be formed, which will also review the work of the umpires and, if necessary, shall report to the Competition Chief Director of possible errors identified in the work of the umpires. The latest allowed time to submit a protest **is** 30 minutes after the last team has finished.
